# Jason Fukura

## Profile

Passionate life-long student of art, design and philosophy. Artist. Father of twins. Proficiency in the Adobe Creative Suite, Microsoft Office, and several wireframing and prototyping tools. I work in HTML5, CSS3, jQuery, javascript, PHP, XML, JSON, MySQL and have worked with .NET and SQL projects. I am also a sought after professional in the infographics and data visualization field. Outside of the web space, I enjoy working with videography and photography as well as music and art. I'm a foodie, bourbon snob and marksman with a nerf gun.

## Skills

### User Experience

### Infographics

### HTML/CSS

### PHP

### Photography

## Work Experience

### Creative Director

Averetek, Inc | 2011 - Present

Primary responsibilities include UX and UI design, infographics, project management, web development and branding. Web development languages used include asp, .NET and PHP.

### Owner / Photographer

f/8.3 photography | 2009 - 2013

Outside of working as a photographer for weddings, portraits, commercial and food photography jobs, I was also in charge of managing the books, inventory and repairs as well as communications with vendors and clients.

### Music Educator

Northshore School District | 2006-2009

Serving as the band and orchestra director, I also led with the elementary music programs and an extracurricular jazz ensemble. During my final year, we added a music technology course.

## Education

### Central Washington University

Bachelor of Arts K-12 General & Instrumental Music Education
